

March 7, 1974

would think that the members who have these "A" bills on General File and they have the regular bill going across would be concerned that these bills also get across so that they can be read on Final Reading when we get there and I am talking specifically right now, looking at the list of LB826 and LB1028.

PRESIDENT: Thank you Senator Simpson, I assume that you just point that out and that it is up to the individuals to follow through on that responsibility. Senator Duis.

SENATOR DUIS: Mr. President, I would like to ask the Clerk a question on 790.....I realize that it was asked to be passed over but I didn't hear an explanation as to why it was being passed over.

CLERK: A bill on General File.

SENATOR DUIS: Thank you very much.

CLERK: We have an Attorney General's opinion addressed to Senator Waldron which will be inserted in full in the Legislative Journal regarding LB613, (appears on pages 986-988). Unanimous consent motion to be excused on Friday, Senator Dickinson.

PRESIDENT: Chair recognizes Senator Dickinson.

SENATOR DICKINSON: Mr. President, I would like to have just a moment to tell you why I want to be excused tomorrow morning. I have or happen to be....As a lot of you know Senator George McGovern and Senator Carl Curtis are conducting a Senatorial Committee Hearing on the fertilizer situation in Omaha tomorrow afternoon. They are going to be touring rural Douglas County which I am proud to say is my area tomorrow morning and I will be with this group and I simply wanted to announce that publicly and if anyone has any constructive comments or statements to send along, I would be happy to attempt to deliver them to them personally tomorrow morning. Certainly anyone here interested in agriculture and everybody should be, recognizes that this is a big problem and they are about 6 months too late in facing it but maybe there is still time to get help. Thank you.

CLERK: Read Barnett explanation of vote (page 989, legislative journal). Notice of committee hearings will be inserted in the Journal. That is all Mr. President.

PRESIDENT: Thank you, are there any resolutions?

CLERK: None.

PRESIDENT: Introduction of bills?

CLERK: None.

PRESIDENT: We will move then to the consideration of bills on Select File. Just a moment please, a call for Senator Cavanaugh. In the meantime we will recognize Senator Duis. What is your point?

SENATOR DUIS: Mr. President, this is an announcement to the legislature. The committee on administrative rules and regulations meet in executive session yesterday afternoon in regards to Senator Waldron's resolution 112. Senator Waldron would you like to announce what took place. His resolution 112 took issue
